The Year of the Greatest  
Norwich Celebration  
Is Advancing.

The short Spring painting season will be all too short to brighten up the 4500 homes of the city. Those who begin early will escape the dust and fumes of Summer.

The SHERWIN-WILLIAMS line is the best because it has the greatest variety of tints to choose; it has greater penetrating qualities; it is mixed the right consistency to leave a sufficient protective coat on the wood; the colors are permanent.

Dr. Kaufman Tells of Revival in Springfield and Feels There is Local Reason for Such.

It may interest many readers of The Bulletin to know that the Chapman-Alexander revival meetings in Springfield, Mass., have been well nigh as powerful as those recently held in Boston, writes Dr. M. S. Kaufman.

Tuesday was the closing day, I had the privilege of attending the ministers' conference with Dr. Chapman in a church and of hearing him twice as he spoke to crowded audiences in the Court-street theater. He is truly a man of rarest skill in evangelistic work. Mr. Alexander is equally masterful in his part of the campaign. It is doubtful if he has anywhere an equal in producing practical results through sacred songs. He is a marvel. Fancy Crosby, the blind hymn writer, was present Tuesday and added much interest to the occasion by his earnest remarks. They sang several of his hymns. The revival is regarded the greatest Springfield has had for a generation. How very much Norwich needs just such an awakening!

Several songs were sung and the superintendent thoroughly explained the object of the society and the importance and seriousness of taking the threefold pledge. All listened attentively, but were not urged to join until later. Several who used to belong re-enlisted, making a gain of 15 to the roll.

Miss Margaret Leahy and Miss Clara Joseph assisted in keeping order and Miss Sybil Christman accompanied on the piano.

One of the Y members has offered a prize to one of the eight original members who brings in the most members, and they are enthusiastic in the contest.

### THE GREATEST WORK ON EARTH.

Attendance at Evangelistic Services at First Baptist Church Continues Large.

There was an increase in attendance at the meeting at the First Baptist church Wednesday evening, when Rev. C. C. Luther gave an excellent sermon upon "The Greatest Work on Earth." Mr. Luther was a joyful and becoming preacher, and referring to that fact Wednesday evening and the power of the press in moulding and shaping public opinion, said there were few callings in life that equalled it and only one that surpassed it—the mission of the true gospel preacher. The wise men of old made no mistake, therefore, when he wrote (Prov. 11: 20): "He that winneth souls is wise." Vice because he is partner with the Lord in the greatest work on earth: a work that will outlast all others and which pays the largest dividends of joy here and hereafter. And he who engages in it will need wisdom as to ways and methods and time and a preparation of heart based upon a personal experience of salvation, a practical knowledge of the Word, and a keen sense of the importance of prayer, faith and love. These points Mr. Luther enlarged upon, illustrated and applied in a practical way as bearing upon the present special series of meetings.

This evening Rev. Mr. Luther will speak upon "The Woman's Revival." The young people enjoy the service and are eager to hear him. He was introduced or chair talks was shown Wednesday afternoon, when fifty or more gathered at the First Baptist church to the second of the series to be given by Rev. C. C. Luther. Tuesday afternoon Mr. Luther talked about the heart and the mind, and how to keep a clean heart by shutting out discontent, envy, vanity, intolerance, laziness and swearing. On Wednesday his topic was how a pretty face can be changed by wrong thoughts and words. The children are encouraged to take part in the meeting by answering questions, making them feel that the meeting is truly their own.
